

# FAMILY HEALTH CENTERS OF SAN DIEGO

## *At a Glance*

### General

- Established in 1970, Family Health Centers of San Diego is a private, non-profit community health center organization. Our mission is to provide comprehensive, accessible, quality healthcare services to San Diego communities. We offer affordable services to all income levels, with a special commitment to low income, uninsured, and medically underserved individuals.
- Family Health Centers of San Diego is accredited by the Joint Commission on the Accreditation of Health Care Organizations (JCAHO), the nation's predominant healthcare quality standards-setting and accrediting body.
- In 2008, FHCS D provided over 490,000 patient encounters to over 120,000 individuals.
- In 2008, 80% of FHCS D patients were uninsured and 97% had incomes at or below 200% of the federal poverty level.
