

This holiday season, Family Health Centers of San Diego invites you to help our newborn baby patients by supporting our

Holiday Baby Boutique

Family Health Centers of San Diego's Prenatal Program cares for 2,000 moms and newborn babies a year. Many of our patients struggle to purchase needed supplies and clothing for their newborn babies. So, we created the Baby Boutique to help. Patients receive "Baby Bucks" at their post natal visits, and then come shop at the Baby Boutique for items they need.

We'd be honored if you would "adopt" our Baby Boutique Program this holiday season. You can purchase new or gather gently used items from friends and family. Our wish list and drop off instructions are listed below. What a wonderful way to get into the holiday spirit and know that you are helping little ones in need.

To participate or get more information, please email us at foundation@fhcsd.org or call us at 619-515-2562. You can also make a financial donation to the program online at www.fhcsd.org/donations.
