Generous Conventioneers

More than 50 Professional Convention Management Association volunteers assembled 150 baskets and 30 homeless hygiene kits for Family Health Centers of San Diego programs.

New Support for Safe Point San Diego!

Safe Point San Diego is the region's only Clean Syringe Exchange Program and is a proven public health strategy endorsed by the Centers for Disease Control to prevent the spread of HIV/AIDS and keep dirty syringes out of city parks, beaches and streets. To date, the program has taken 1.5 million dirty syringes off the streets and provided clients with nearly 30,000 referrals to support services including detoxification and substance abuse treatment programs. Family Health Centers of San Diego would like to thank **AIDS United**, **Comer Foundation** and the **San Diego HIV Funding Collaborative** for recently providing much needed funding for this essential program.

Generous Holiday Spirit

This holiday season, Family Health Centers of San Diego was fortunate to receive incredible community support. We would like to thank **Assemblymember Marty Block** and **Barona Band of Mission Indians** for once again sponsoring a toy and baby boutique drive. Smiles were all around as the little ones chose their toys.

We would also like to sincerely thank the supporters listed below that “adopted” our Baby Boutique for the holidays. Wonderful organizations gathered hundreds of items. Local families and individuals also made many generous donations. In the end, our storeroom was completely full and the Baby Boutique is now stocked for our new moms and their babies for the New Year!

EVENT SPONSORS

Join us for the construction kick off for Connections Housing! Connections Housing is an integrated service and residential community whose primary goal is to help end homelessness for people and communities. This facility will replace the temporary Downtown shelter tent with a permanent center that includes a one-stop support service depot, community health center, 73 permanent supportive housing units, 16 special needs units and 134 interim housing beds. Our organization is honored to be a founding partner in this project.
