

FAMILY HEALTH CENTERS
OF SAN DIEGO

Pediatric Services

Family Health Centers of San Diego offers comprehensive medical and developmental services for children.

Specific services include:

- **Lead Testing**
Quick test to determine LEAD amounts in your child's body.
- **Sick Visits & Well-Child Exams**
Care for any illness, injury and check-ups for overall health.
- **Developmental Screenings, Assessments & Intervention – Birth to 5 Years Old**
Our specialists determine if your child has any developmental problems and if they need special therapy.
- **Immunizations**
Schools require immunizations for enrollment. Our clinics have all vaccinations.
- **Physicals**
Make sure your child has a comprehensive physical from their pediatric provider.
- **Screenings for Vision and Hearing**
We test for any vision and hearing problems with your child.

We accept children and families enrolled in Medi-Cal, and those who are uninsured!

We have clinics near you!

FAMILY HEALTH CENTERS
OF SAN DIEGO

Servicios Pediátricos

Family Health Centers of San Diego ofrece servicios médicos y de desarrollo para niños.

Servicios específicos incluyen:

- **Prueba de plomo en la sangre**
Prueba rápida para determinar los niveles de plomo en el cuerpo de su hijo.
- **Consultas médicas por enfermedad y evaluaciones del bienestar del niño**
Cuidado médico por enfermedad o lesión y exámenes completos de salud.
- **Evaluaciones de desarrollo, exámenes e intervenciones – desde el nacimiento hasta los 5 años de edad**
Nuestros especialistas determinan si su hijo tiene algún problema de desarrollo y si requiere terapia especial.
- **Inmunizaciones (vacunas)**
Las escuelas piden las vacunas para la inscripción. Nuestras clínicas cuentan con todas las vacunas.
- **Exámenes físicos**
Asegúrese de que su hijo reciba un examen físico por su pediatra.
- **Evaluaciones de la vista y audición**
Realizamos pruebas de la vista y de audición para su hijo.

¡Aceptamos
niños y familias
con Medi-Cal y
aquellos sin
seguro médico!
